Key Features

1. Anti-Theft Zipper System Hidden zipper design keeps your items safe from pickpockets or accidental opening in crowded areas.

2. Number Lock Protection Built-in combination lock secures the main compartment — accessible only through your personal code and keys.

3. Premium Quality Fabric Made with durable, water-resistant premium fabric that ensures long life, elegant look, and comfort.

4. Mobile Charging Port Comes with an external USB charging port, so you can easily charge your phone while on the move.

5. Ergonomic & Stylish Design Lightweight, comfortable straps, and modern aesthetics — perfect for office, travel, or daily commute.

How It Works

Set your personal number lock code and secure the bag with its dedicated keys. The anti-theft zipper design keeps the main compartment concealed and protected. Connect your power bank inside and use the external USB port for charging your devices easily.
